5. Definitions

5.1 Special educational needs

A pupil has SEND if they have a learning difficulty or disability that requires special educational provision to be made for them.

They have a **learning difficulty or disability** if they have:

- › A significantly greater difficulty in learning than most others of the same age, or
- › A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

5.2 Disability

Pupils are considered to have a **disability** if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily activities.

The school will make reasonable adjustments for pupils with disabilities, so that they are not at a substantial disadvantage compared with their peers.

5.3 The 4 areas of need

The needs of pupils with SEND are grouped into 4 broad areas. Pupils can have needs that cut across more than 1 area, and their needs may change over time.

Interventions will be selected that are appropriate for the pupil's particular area(s) of need, at the relevant time.

AREA OF NEED	
Communication and interaction	<p>Pupils with needs in this area have difficulty communicating with others. They may have difficulty understanding what is being said to them, have trouble expressing themselves, or do not understand or use the social rules of communication.</p> <p>Pupils who are on the autism spectrum often have needs that fall in this category.</p>
Cognition and learning	<p>Pupils with learning difficulties usually learn at a slower pace than their peers. A wide range of needs are grouped in this area, including:</p> <ul style="list-style-type: none">• Specific learning difficulties, which impact 1 or more specific aspects of learning, such as: dyslexia, dyscalculia and dyspraxia• Moderate learning difficulties• Severe learning difficulties• Profound and multiple learning difficulties, which is where pupils are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment

AREA OF NEED	
Social, emotional and mental health	<p>These needs may reflect a wide range of underlying difficulties or disorders. Pupils may have:</p> <ul style="list-style-type: none"> • Mental health difficulties such as anxiety, depression or an eating disorder • Attention deficit disorder, attention deficit hyperactive disorder or attachment disorder • Suffered adverse childhood experiences <p>These needs can manifest in many ways, for example as challenging, disruptive or disturbing behaviour, or by the pupil becoming withdrawn or isolated.</p>
Sensory and/or physical	<p>Pupils with these needs have a disability that hinders them from accessing the educational facilities generally provided.</p> <p>Pupils may have:</p> <ul style="list-style-type: none"> • A sensory impairment such as vision impairment, hearing impairment or multi-sensory impairment • A physical impairment <p>These pupils may need ongoing additional support and equipment to access all the opportunities available to their peers.</p>

- › Given an annual report on the pupil's progress

The school will take into account the views of the parent or carer in any decisions made about the pupil.

6.7 The pupil

Pupils will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the pupil:

- › Explaining what their strengths and difficulties are
- › Contributing to setting targets or outcomes
- › Attending review meetings
- › Giving feedback on the effectiveness of interventions

The pupil's views will be taken into account in making decisions that affect them, whenever possible.

7. SEND information report

The school publishes a SEND information report on its website, which sets out how this policy is implemented in the school.

The information report will be updated annually and as soon as possible after any changes to the information it contains.

8. Our approach to SEND support

8.1 Identifying pupils with SEND and assessing their needs

We will assess each pupil's current skills and levels of attainment when they start at the school. This will build on information from previous settings and Key Stages, where appropriate. We will also consider any evidence that the pupil may have a disability and if so, what reasonable adjustments the school may need to make.

Class teachers will regularly assess the progress of all pupils and identify any whose progress:

- › Is significantly slower than that of their peers starting from the same baseline
- › Fails to match or better their previous rate of progress
- › Fails to close the attainment gap between them and their peers
- › Widens the attainment gap

This may include progress in areas other than attainment, for example, wider development or social needs.

When teachers identify an area where a pupil is making slow progress, they will target the pupil's area of weakness with differentiated, high-quality teaching. If progress does not improve, the teacher will raise the issue with the SENDCo and/or Inclusion Manager to have an initial discussion about whether this lack of progress may be due to a special educational need. Where necessary they will, in consultation with the pupil's parents or carers, consider consulting an external specialist.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEND.

Potential short-term causes of impact on behaviour or performance will be considered, such as changes at home or bereavement. Staff will also take particular care in identifying and assessing SEND for pupils whose first language is not English.

When deciding whether the pupil needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

If a pupil is joining the school, and:

- › Their previous setting has already identified that they have SEND
- › They are known to external agencies
- › They have an education, health and care plan (EHCP)

then the school will work in a multi-agency way to make sure we get relevant information before the pupil starts at school, so support can be put in place as early as possible.

8.2 Consulting and involving pupils and parents

The school will put the pupil and their parents at the heart of all decisions made about special educational provision.

When we are aiming to identify whether a pupil needs special education provision, we will have an early discussion with the pupil and their parents. These conversations will make sure that:

- › Everyone develops a good understanding of the pupil's areas of strength and difficulty
- › We take into account any concerns the parents have
- › Everyone understands the agreed outcomes sought for the child
- › Everyone is clear on what the next steps are

Notes of these early discussions will be added to the pupil's record and given to their parents.

We will formally notify parents if it is decided that a pupil will receive special educational provision.

8.3 The graduated approach to SEND support

Once a pupil has been identified as having SEND, we will take action to remove any barriers to learning, and put effective special educational provision in place. This support will be delivered through successive rounds of a 4-part cycle known as the graduated approach.

1. Assess

The pupil's class teacher and the SENDCo and/or Inclusion Manager will carry out a clear analysis of the pupil's needs. The views of the pupil and their parents will be taken into account. The school may also seek advice from external support services.

The assessment will be reviewed regularly to help make sure that the support in place is matched to the pupil's need. For many pupils, the most reliable way to identify needs is to observe the way they respond to an intervention.

2. Plan

In consultation with the parents and the pupil, the teacher and the SENDCo and/or Inclusion Manager will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a clear date for review.

All staff who work with the pupil will be made aware of the pupil's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be recorded on our management information system, 'Insight', and will be made accessible to staff and parents in an Individual Learning Plan.

Parents will be fully aware of the planned support and interventions, and may be asked to reinforce or contribute to progress at home.

3. Do

The pupil's class or subject teacher retains overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the main class or subject teacher, they still retain responsibility for the pupil. They will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

The SENDCo and/or Inclusion Manager will support the teacher in further assessing the pupil's particular strengths and weaknesses, in problem solving and advising on how to implement support effectively.

4. Review

The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- The views of the parents and pupils
- The level of progress the pupil has made towards their outcomes
- The views of teaching staff who work with the pupil

The teacher and the SENDCo and/or Inclusion Manager will revise the outcomes and support in light of the pupil's progress and development, and in consultation with the pupil and their parents.

8.4 Levels of support

School-based SEND provision

Pupils receiving SEND provision will be placed on the school's SEND register. These pupils have needs that can be met by the school through the graduated approach. Where the pupil's needs cannot be adequately met with in-house expertise, staff will consider involving an external specialist as soon as possible.

The provision for these pupils is funded through the school's notional SEND budget.

On the census these pupils will be marked with the code K.

Education, health and care (EHC) plan

Pupils who need more support than is available through the school's school-based SEND provision may be entitled to an EHC plan. The plan is a legal document that describes the needs of the pupil, the provision that will be put in place, and the outcomes sought.

The provision for these pupils will be funded from the school's notional SEND budget, and potentially from the LA (from the high-level needs funding block of the dedicated schools grant).

On the census these pupils will be marked with the code E.

8.5 Evaluating the effectiveness of SEND provision

We evaluate the effectiveness of provision for pupils with SEND by:

- Tracking pupils' progress using data and through observations

- › Through termly pupil progress meetings
- › Carrying out the review stage of the graduated approach in every cycle of SEND support
- › Using pupil questionnaires
- › Monitoring by the SENDCo and/or inclusion Manager
- › Holding annual reviews for pupils with EHC plans
- › Getting feedback from the pupil and their parents

9. Expertise and training of staff

Training will regularly be provided to teaching and support staff. The headteacher and Inclusion Manager will continuously monitor to identify any staff who have specific training needs and will incorporate this into the school's plan for continuous professional development.

10. Links with external professional agencies

The school recognises that it won't be able to meet all the needs of every pupil. Whenever necessary the school will work with external support services such as:

- Speech and language therapists
- Support For Learning
- Educational psychologists
- Occupational therapists and physiotherapists
- General practitioners or paediatricians
- School nurses
- Child and adolescent mental health services (CAMHS)
- Education welfare officers
- Social services
- Autism Support
- The Child Development Centre
- SEMH and Inclusion Team
- Sensory Support Consortium

11. Admission and accessibility arrangements

11.1 Admission arrangements

Please see our website for admissions information:

<https://www.owlsmoorprimary.com/page/?title=Admissions+Information&pid=69>

Prospective parents are encouraged to visit our school. If you think your child has a SEND please make an appointment with the SENDCo and/or Inclusion Manager so that we can ensure any necessary reasonable adjustments are in place for when your child joins our school.

If other professionals are already involved with your child, for example speech and language therapists of the Child Development Centre, we can hold a Team Around the Child meeting to ensure all relevant information is shared ahead of your child joining us.

We work closely with local nurseries and pre-schools to ensure all relevant information is shared ahead of your child joining us.

11.2 Accessibility arrangements

Please see our website for the accessibility plan:

<https://thegvoffice.com/public/sls-owlsmoor/0>

At Owlsmoor Primary we strive to ensure that all pupils are fully included in our community and that the building is accessible to all.

- We will adapt/purchase resources and facilities where necessary, for example toilet frames, changing stations, IT equipment, specialist chairs.
- All pupils are encouraged to take part in sports day/school plays/special workshops/whole school celebrations etc in any form way that is accessible for them. For example, we have pupils who come along and watch the Nativity with their parents because joining in is too stressful for them or some pupils wear ear defenders in assembly. We will work with you and your child to ensure your child has access to the same opportunities as everyone else.
- No pupil is ever excluded from taking part in school activities because of their SEND or disability and we will make whatever reasonable adjustments are needed to make sure that they can be included.

12. Complaints about SEND provision

Where parents have concerns about our school's SEND provision, they should first raise their concerns informally with the class teacher. We will try to resolve the complaint informally in the first instance. Parents may also contact the SENDCo and/or Inclusion Manager. If this does not resolve their concerns, parents are welcome to submit their complaint formally.

Formal complaints about SEND provision in our school should be made to the Inclusion Manager in the first instance. They will be handled in line with the school's complaints policy:

<https://www.owlsmoorprimary.com/page/?title=Key+Information&pid=107>

If the parent or carer is not satisfied with the school's response, they can escalate the complaint. In some circumstances, this right also applies to the pupil themselves.

To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the [SEN Code of Practice](#).

13. Monitoring and evaluation arrangements

13.1 Evaluating the effectiveness of the policy

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1.

We will evaluate how effective our SEND provision is with regards to:

- › All staff's awareness of pupils with SEND at the start of the autumn term
- › How early pupils are identified as having SEND
- › Pupils' progress and attainment once they have been identified as having SEND
- › Whether pupils with SEND feel safe, valued and included in the school community

- › Comments and feedback from pupils and their parents

13.2 Monitoring the policy

This policy will be reviewed by the governing body **every year**. It will also be updated when any new legislation, requirements or changes in procedure occur during the year.

It will be approved by the full governing board.
